

TODAY

From May to October the castle invites to festivals and celebrations – so at summer solstice a two day fun fair and at the first weekend of October the »Appelmarkt« happen to take place there continually. In July and August the Transit festival starts with lots of music as well as the festival »der Neue Heimat film«. Readings, construction play days for kids, concerts and exhibits enhance the yearly program. Marrying, canoeing or just relaxing on the water playground – there are lots of possibilities to explore the castle.

A GUIDE TO ORIENTATION AND HISTORICAL

KLEMPENOW CASTLE

Klempenow castle

Welcome to the grounds of Klempenow castle!

We invite you to a tour. Our flyer may serve you as a guide for a marvelous place. Out of a circle of friends our association Kultur-Transit-96 developed in 1991 with the objective to renovate the castle and to revive it culturally. We perceive culture in the bind of history and present age. The old and the new meet here, the region connects to the world, ideas and dreams come true. Let yourself in to the adventure of Klempenow castle.
